# Funding Your Kids Read Now Summer Program

**Did you know Districts can use multiple funding sources to support specific educational initiatives?**

For instance, a district could use IDEA grant money for special education students and Title I grant money to pay for Kids Read Now for the remaining students.

### Comprehensive Continuous Improvement Plan (CCIP)

CCIP is a two-part district grant application and verification system:

**Planning Tool**

Outlines district goals, strategies, action steps, and goal amounts for grants.

**Funding Application**

District budget, budget details, & nonpublic services

**Know the District**

If the poverty rate is high, more grant money is usually available. If the poverty rate is low, more community money is usually available.
