

Parent Guide

This summer reading program is paid for by your school and managed by Kids Read Now.

What is Kids Read Now?

Over the summer, most children forget many of their reading skills. Reading books every day over the summer is important. It keeps their brains ready for a great school year in the fall.

Your child's school hired Kids Read Now (KRN), a non-profit company, that will send FREE books to your child over the summer that they can keep forever!

Earlier this spring, your child and their teacher probably chose 9 books your child wants to read. Or, you may have chosen the books online at home.

Keep reading to find out how the program works!

Reading is the most important skill your child will EVER learn.

Your child's school and KRN will help them. And you can help, too!

1. Read with them for 15 minutes a day.
2. Discuss a Discovery Sheet question.
3. Report the Book Code to get the next **FREE** book!
4. Visit KidsReadNow.org/ParentHelp for additional resources.

Thank you for helping your child become a reading champion!

How does the program work?

1. Receive Your First Book

We will mail one of your selected books to your home.

2. Read

After receiving your first book, make sure your child reads it within a week.

3. Discuss

Discuss at least one of the questions inside the cover, or help your child complete an activity.

4. Report the Book Code

Report that your child has completed the book. Inside each book you'll find instructions on how to do this. It takes less than a minute to report!

5. Get Another Book

Kids Read Now will mail another book to your child!

6. Read 9 Books to get a Surprise

Report reading 9 books this summer and your child will get a surprise when they return to school!

To get all 9 books and a special surprise:

**Read,
Report,
Repeat!**
